Re: David C. Allen, M.D.
Case No. 2011-0258
License No.: D25230

Dear Dr. Allen and Ms. Rubin:

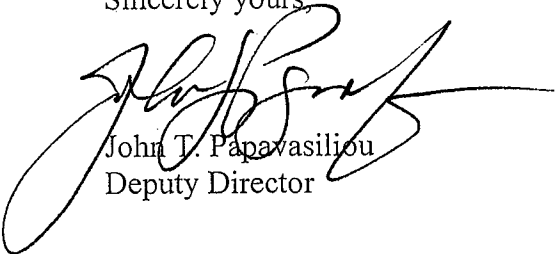

On March 1, 2011, the Board issued an **ORDER FOR SUMMARY SUSPENSION OF LICENSE TO PRACTICE MEDICINE** in this case. Dr. Allen was given an opportunity to attend a hearing on that issue on March 9, 2011, and was given the opportunity to engage counsel. Dr. Allen attended the hearing on that date without counsel. The State was represented by Dawn L. Rubin, Esq., Administrative Prosecutor.

After considering the investigative file and the presentations at the hearing, the Board determined that it would not lift the summary suspension imposed on March 1, 2011. The arguments and documents submitted, and the responses to the Board's questions, when considered in the light of the Board staff's investigative findings in the file, persuade the Board that there exists a substantial risk of serious harm to the public health, safety or welfare in Dr. Allen's continued practice. The Board advised Dr. Allen of this decision orally on the hearing date.

NOTICE OF RIGHT TO APPEAL

Under the Board regulations, Dr. Allen has the right to request a full evidentiary hearing before an Administrative Law Judge. This request will be granted if the Board receives a written request for the hearing within ten days of the date of this letter. The request should be sent to Christine A. Farrelly, Supervisor, Compliance Administration, at the Board's address. If Dr. Allen requests such a hearing, the regulations require that an Administrative Law Judge set an evidentiary hearing to begin within 30 days of your request, *see* COMAR 10.32.02.05 I, though the parties may waive that 30-day requirement.

Sincerely yours,

John T. Papavasiliou
Deputy Director
