Reminder: The Board will accept any one credit CME related to opioid prescribing (pain management, substance abuse, et cetera). The Board has compiled this list as a resource. This list is not exhaustive and is updated periodically (last update was 4/25/16). Licensees may select a course offered through another source, as long as the course is related to opioid prescribing. Note: Some courses or activities may have additional sponsors, grant sources, affiliations, or other accreditation information. Licensees are encouraged to verify all course or activity information listed above.

* Other opioid prescribing-related activities are available on Medscape.org. Additional information on accredited CME/CE also can be found on www.er-la-opioidrems.com. Again, licensees may choose to select a course or activity offered through another source.

** The FSMB Directory was updated in April 2016.
