On August 26, 2026, Panel B was convened as a Disciplinary Committee for Case

Respondent and they have not been provided. The Complainant also stated the “VA requested my medical records from him and his office hasn’t responded.”

Board Investigation

6. In its investigation, on August 28, 2025, the Board informed the Respondent by letter that it opened a preliminary investigation based on the complaint and requested a written response within ten business days.

7. On August 28, 2025, a Subpoena Duces Tecum was mailed to the Respondent to produce the Complainant’s medical records to the Board within 10 days.

8. On September 8, 2025, the Respondent produced the Complainant’s medical records to the Board.

9. On September 11, 2025, the Board received a written response from the Respondent. In his response, the Respondent stated that the Complainant has not been a patient since March 2020. The Respondent also stated that his “office has complied with all requests for medical records when submitted through the appropriate release channels. If there were any delays, they may have been do to incomplete or improper requests, but it has never been my practice to withhold patient information.”

10. On September 16, 2025, the Board sent an email to the Respondent asking whether the patient medical records were sent to the Complainant.

11. On September 16, 2025, the Respondent replied by email to the Board that “no, the patient was not provided her medical records, initially the patient stated they wanted us to send her medical records to the VA and did not request a copy, and as we

were preparing her records we got notification from Maryland State Board of Physicians, to send Medical records to them as well, we informed the patient after sending the records to the entities she requested us to they were all sent as they were in the archives and if she needed a copy of her medical records she would be able to obtain a copy from them as no cost, as it would be a fee per office policy for us to send to her.”

12. On September 17, 2025, the Complainant confirmed that she had not received a copy of her medical records from the Respondent.

13. On September 18, 2025, the Respondent produced a receipt from the United States Postal Service that on September 5, 2025 the Complainant’s medical records were sent to the VA. The Respondent also requested the Board to send a copy of the patient's medical records to the Complainant.

14. On September 19, 2025, the Board informed the Respondent that it is not the custodian of records of the Complainant’s medical records, and that he is required to provide patients with their medical records upon request. The Board also requested the Respondent to inform the Board when he provides the Complainant with her medical records.

15. Thereafter, on October 9, 2025, October 27, 2025, December 4, 2025, and January 30, 2026, the Board emailed the Respondent inquiring if patient medical records were provided to the Complainant. The Respondent did not respond to any of these emails.

16. On February 2, 2026, the Complainant confirmed that she never received her medical records from the Respondent.

17. On August 25, 2026, the Complainant confirmed to the Board that she had received her medical records from the Respondent.
