**ORDER TERMINATING SUSPENSION AND IMPOSING PROBATION**

On March 16, 2023, the Maryland State Board of Physicians (the “Board”) received a Mandated 10-Day Report from a healthcare facility alleging that Tiffany A. Mapp, D.O.’s (the “Respondent”) privileges were suspended. On May 10, 2024, the Board received a second complaint from a Physician about concerns about the intentional delivery of a baby in her private medical office. Disciplinary Panel A (the “Panel”) issued charges related to the first complaint on December 6, 2024.

On May 30, 2025, the Panel of the Board issued an Order for Summary Suspension of License to Practice Medicine (“Order for Summary Suspension”), summarily suspending the Respondent license to practice medicine based on the second complaint. On June 4, 2025 charges were issued related to the second complaint. On June 12, 2025, the summary suspension was affirmed.

On August 29, 2025, the Respondent and the Panel entered into a Consent Order resolving the first complaint, wherein the Panel concluded, as a matter of law, that the Respondent failed to meet appropriate standards as determined by appropriate peer review for the delivery of quality medical and surgical care performed in an outpatient surgical facility, office, hospital, or any other location in this State, in violation of Health Occ. § 14-404(a)(22).

Pursuant to the August 29, 2025 Consent Order, the Respondent was reprimanded, placed on probation for a minimum period of one (1) year with probationary terms and conditions including that she permanently cease from performing as the primary surgeon on any obstetrical related surgical procedure and that on every January 31<sup>st</sup> thereafter if she holds a Maryland medical license, the Respondent shall provide the Board with an affidavit verifying that she has not performed as the primary surgeon on any obstetrical related surgical procedure in the past year.<sup>1</sup>

On September 2, 2025, the Respondent and the Panel entered into a Consent Order related to the second complaint, wherein the Panel concluded, as a matter of law, that the Respondent was guilty of unprofessional conduct in the practice of medicine, in violation of Health Occ. § 14-404(a)(3)(ii); failed to meet appropriate standards as determined by appropriate peer review for the delivery of quality medical and surgical care performed in an outpatient surgical facility, office, hospital, or any other locations in this State, in violation of Health Occ. § 14-404(a)(22); and failed to keep adequate medical records as determined by appropriate peer review, in violation of Health Occ. § 14-404(a)(40).<sup>2</sup>

Under the terms of the September 2, 2025 Consent Order, the Panel reprimanded the Respondent, terminated the Order for Summary Suspension, June 12, 2025 affirmation, and the August 29, 2025 Consent Order probation and probationary terms with the exception of the reprimand, the **PERMANENT PROHIBITION** on performing as the primary surgeon on any obstetrical related surgical procedure, and the annual verification of compliance with the

Additionally, the September 2, 2025 Consent Order **PERMANENTLY PROHIBITED** the Respondent from delivering babies in an outpatient setting and that on every January 31<sup>st</sup> thereafter if she holds a Maryland medical license, the Respondent shall provide the Board with an affidavit verifying that she has not delivered any babies in an outpatient setting in the past year. The September 2, 2025 Consent Order also provided that after the minimum period of suspension has passed, and after receiving the Panel's approval of a supervisor, the Respondent may submit a written petition to the Board for termination of suspension. Furthermore, the September 2, 2025 Consent Order provided that the Panel may administratively terminate the suspension through an order of the disciplinary panel following a determination that the Respondent has fully and satisfactorily complied with the terms of the suspension, and upon termination, the Respondent is placed on probation for a minimum period of **three (3) years** with probationary terms and conditions.
