ORDER

On July 29, 2019, Disciplinary Panel B (“Panel B”) of the Maryland State Board of Physicians (the “Board”) and Kelly Lynn Murray, PA-C, entered into a Consent Order that concluded, as a matter of law, that Ms. Murray had failed to meet the standards of appropriate care and documentation as determined by appropriate peer review. Pursuant to the Consent Order, Ms. Murray was reprimanded, placed on probation for a minimum of two years, and required to comply with certain terms and conditions, including being prohibited from prescribing and dispensing Controlled Dangerous Substances (“CDS”) for the first year of probation except for buprenorphine for the purposes of addiction medicine.

On August 10, 2020, Panel B issued an Order After Show Cause Hearing that determined that Ms. Murray had violated the July 29, 2019 Consent Order by prescribing CDS other than Buprenorphine during the first year of her probation. The Order After Show Cause Hearing terminated the probation imposed under the July 29, 2019 Consent Order, reprimanded the Respondent, placed her on probation for a minimum of two years, and required her to comply with certain terms and conditions, including being prohibited from prescribing and dispensing CDS for the first year of probation except for buprenorphine for the purposes of addiction medicine.

On August 12, 2021, the Board issued a Termination Order that terminated the CDS prescribing restriction. All other terms and conditions of probation remained in effect.

The Respondent has complied with all of the terms and conditions of probation; It is thus hereby;

ORDERED that the probation imposed by the August 10, 2020 Order After Show Cause Hearing is **TERMINATED**; and it is further

ORDERED that the reprimands remains in effect; and it is further

ORDERED that this is a public document.
