Re: Surrender of License to Practice Medicine  
Serena R. Nolan, M.D. License Number: D25010  
Case Number: 7719-0122

Dear Olszyk and Members of Disciplinary Panel A,

Please be advised that, pursuant to Md. Code Ann., Health Occ. (“Health Occ.”) §14-403 (2014 Repl. Vol. & 2019 Supp.), I have decided to SURRENDER my license to practice medicine in the State of Maryland, License Number D25010, effective immediately. I understand that upon surrender of my license, I may not give medical advice or treatment to any individual, with or without compensation, and cannot prescribe medications or otherwise engage in the practice of medicine in the State of Maryland as it is defined in the Maryland Medical Practice Act (the “Act”), Health Occ. §§ 14-101 et seq. and other applicable laws. In other words, as of the effective date of this Letter of Surrender, I understand that the surrender of my license means that I am in the same position as an unlicensed individual in the State of Maryland.

I understand that this Letter of Surrender is a PUBLIC DOCUMENT, and upon Disciplinary Panel A’s (“Panel A”) acceptance, becomes a FINAL ORDER of Panel A of the Maryland State Board of Physicians (the “Board”).

I entered into a Consent Order on June 13, 2019 with Disciplinary A of the board that concluded that I violated Health Occ. § 14-404(a)(3)(ii) (unprofessional conduct in the practice of medicine), (4) (professionally, physically, or mentally incompetent in the practice of medicine), and (22) (failed to meet appropriate standards as determined by appropriate peer review for the delivery of quality medical care).

Pursuant to the terms of the Consent Order, my license was suspended and I was required to enroll in the Maryland Professional Rehabilitation Program (MPRP) and comply with all terms and conditions of MPRP. A Copy of the Consent Order is attached and incorporated herein as Attachment 1. I acknowledge that, on June 30, 2020, MPRP closed my case for cause. I recognize that for all purposes relevant to medical licensure
that the allegations that I violated the June 13, 2019 Consent Order for failing to comply with the requirements of MPRP will be treated as proven.

I have decided to surrender my license to practice medicine in the State of Maryland to avoid further investigation and prosecution of these allegations. I acknowledge that the Consent Order remains and will continue to be a valid Final Order of the Board, however, upon acceptance of the Letter of Surrender, I will not be required to comply with the conditions of the Order as long as I do not have or possess a medical license in Maryland.

I wish to make it clear that I have voluntarily, knowingly and freely chosen to submit this Letter of Surrender to avoid the issuance of charges and prosecution for violating the terms and conditions of the Consent Order. I do not wish to contest these allegations. I understand that by executing this Letter of Surrender I am waiving my right to contest any charges that would issue from Panel A’s investigative findings in a formal evidentiary hearing at which I would have had the right to counsel, to confront witnesses, to give testimony, to call witnesses on my own behalf and all other substantive and procedural protections provided by law, including the right to appeal to circuit court.

I understand that the Board will advise the Federation of State Medical Boards, and the National Practitioner Data Bank of this Letter of Surrender. I also understand that in the event I would apply for licensure in any form in any other state or jurisdiction that this Letter of Surrender may be released or published by the Board to the same extent as a final order that would result from disciplinary action, pursuant to Md. Code Ann., Gen. Prov. §§ 4-101 et seq. (2014 Repl. Vol. & 2017 Supp.), and that this Letter of Surrender constitutes a disciplinary action by Panel A.

I affirm that I will provide access to and copies of medical records to my patients in compliance with Title 4, subtitle 3 of the Health General Article. I also agree to surrender my Controlled Dangerous Substances Registration to the Office of Controlled Substances Administration.

I further recognize and agree that by submitting this Letter of Surrender, my license will remain surrendered unless and until the Board or a disciplinary panel of the Board grants reinstatement. In the event that I apply for reinstatement of my Maryland License, I understand that Panel A or its successor is not required to grant reinstatement; and, if it does grant reinstatement, may impose any terms and conditions in conformity with or in addition to those set forth in the Consent Order. I further understand that if I ever file a petition for reinstatement, I will approach Panel A or its successor in the same position as an individual whose license has been revoked.

I acknowledge that I may not rescind this Letter of Surrender in part or in its entirety for any reason whatsoever. Finally, I wish to make clear that I have been advised of my right to be represented by an attorney of my choice throughout proceedings before Panel A, including the right to consult with an attorney prior to signing this Letter of Surrender.

I have consulted with and was represented by an attorney prior to signing this letter permanently surrendering my license to practice medicine in Maryland. I understand both the nature of Panel A’s actions and this Letter of Surrender fully. I acknowledge that I understand and comprehend the language, meaning and terms and effect of this Letter of Surrender. I make this decision knowingly and voluntarily.

Very truly yours,

IN THE MATTER OF

SERENA R. NOLAN, M.D.

Respondent

License Number: D25010

BEFORE THE

MARYLAND STATE

BOARD OF PHYSICIANS

Case Numbers: 2218-0049A & 2219-0085A

CONSENT ORDER

The pertinent provisions of the Act under Health Occ. § 14-404(a) provide as follows:

(a) In general. Subject to the hearing provisions of § 14-405 of this subtitle, a disciplinary panel, on the affirmative vote of a majority of the quorum of the disciplinary panel, may reprimand any licensee, place any licensee on probation, or suspend or revoke a license if the licensee:

... (3) is guilty of:

... (ii) Unprofessional conduct in the practice of medicine;

(4) is professionally, physically, or mentally incompetent[.]

On October 22, 2018, Panel A charged the Respondent under the following provisions of the Act:

(22) Fails to meet appropriate standards as determined by appropriate peer review for the delivery of quality medical and
surgical care performed in an outpatient surgical facility, office, hospital, or any other location in this State.

On May 8, 2019, a conference with regard to this matter was held before a panel of the Board’s Disciplinary Committee for Case Resolution (“DCCR”). As a result of the DCCR, the Respondent agreed to enter into this Consent Order, consisting of Findings of Fact, Conclusions of Law and Order.

**FINDINGS OF FACT**

1. At all times relevant hereto, the Respondent was and is licensed to practice medicine in the State of Maryland. The Respondent was originally licensed to practice medicine in Maryland on June 19, 1980. Her license is scheduled to expire on September 30, 2019. The Respondent holds an inactive license in Michigan.

2. The Respondent is board-certified in internal medicine.

3. Effective April 5, 2019, the Respondent closed her private office for the practice of medicine in Parkville, Maryland.

**Disciplinary History**

4. On or about August 7, 2017, the Board received a complaint from the family of a patient regarding the Respondent’s excessive prescribing of opioids.

5. The Board referred the case for peer review. The peer reviewers found that the Respondent failed to meet the standard of quality care when prescribing opioids.

6. On or about November 2, 2018, the Board received a complaint regarding the Respondent’s current health and ability to practice medicine safely.
7. On December 5, 2018, pursuant to Health Occ. § 14-402(a), Panel A directed the Respondent to a Board-approved program (the “Program”) for an evaluation.

8. During her evaluation, the Respondent signed a voluntary cessation of practice agreement.

9. As a result of the Program’s evaluation, on January 17, 2019, the Respondent underwent a psychiatric evaluation.

10. On January 17, 2019, the evaluating psychiatrist (“Evaluator”) issued his report of the Respondent’s evaluation.

11. The Evaluator concluded that given the Respondent’s current clinical picture, she is not presently in a state of health to practice medicine safely and effectively.

12. Effective January 29, 2019, Panel A summarily suspended the Respondent’s license pursuant its authority under Md. Code. Ann, State Gov’t § 10-226(c)(2) and Md. Code Regs, 10.32.02.08B(7), concluding that the public health, safety or welfare imperatively required emergency action.

13. In furtherance of its investigation of the November 2, 2018 complaint, the Respondent’s medication profile was subpoenaed from a pharmacy for the period from January 2017 through November 2018.

14. The medication profile revealed that the Respondent frequently prescribed to herself a variety of medications, none of which were Controlled Dangerous Substances

1 In reviewing an application for licensure, certification, or registration or in investigating an allegation brought against a licensed physician or any allied health professional regulated by the Board under this title, the Physician Rehabilitation Program may request the Board to direct, or the Board on its own initiative may direct, the licensed physician or any allied health professional regulated by the Board under this title to submit to an appropriate examination.
("CDS"). In addition, one of the Respondent's employees, a nurse practitioner, frequently prescribed to the Respondent a variety of medications, including CDS.

CONCLUSIONS OF LAW

Based on the foregoing findings of fact, Panel A concludes as a matter of law that the Respondent is guilty of unprofessional conduct in the practice of medicine, in violation of Health Occ. § 14-404(a)(3)(ii), is professionally, physically, or mentally incompetent, in violation of Health Occ. § 14-404(a)(4), and failed to meet appropriate standards as determined by appropriate peer review for the delivery of quality medical care, in violation of Health Occ. § 14-404(a)(22).

ORDER

A failure to, or withdrawal of consent, is a violation of this Consent Order;

(f) the Respondent shall also sign any written release/consent forms to authorize MPRP to exchange with (i.e., disclose to and receive from) outside entities (including all of the Respondent's current therapists and treatment providers) verbal and written information concerning the Respondent and to ensure that MPRP is authorized to receive the medical records of the Respondent, including, but not limited to, mental health and drug or alcohol evaluation and treatment records; and it is further

The Respondent may be required to appear before the disciplinary panel to discuss her petition for termination. If the disciplinary panel determines that it is safe for the Respondent to return to the practice of medicine, the suspension will be terminated through an order of the disciplinary panel, and the disciplinary panel may impose any terms and conditions it deems appropriate on the Respondent's return to practice, including, and not limited to, probation, and the terms and conditions of probation and the continuation of the of the Respondent's enrollment in MPRP. ORDERED that if the Respondent allegedly fails to comply with any term or condition of probation or this Consent Order, the Respondent shall be given notice and an opportunity for a hearing. If there is a genuine dispute as to a material fact, the hearing shall be before an Administrative Law Judge of the Office of Administrative Hearings. If
there is no genuine dispute as to a material fact, the Respondent shall be given a show cause hearing before the Board or Panel A; and it is further

ORDERED that, after the appropriate hearing, if the Board or a disciplinary panel determines that the Respondent has failed to comply with any term or condition of probation or this Consent Order, the Board or disciplinary panel may reprimand the Respondent, place the Respondent on probation with appropriate terms and conditions, or suspend or revoke the Respondent's license to practice medicine in Maryland. The Board or disciplinary panel may, in addition to one or more of the sanctions set forth above, impose a civil monetary fine upon the Respondent; and it is further

ORDERED that Respondent is responsible for all costs incurred in fulfilling the terms and conditions of probation and this Consent Order; and it is further

ORDERED that the effective date of the Consent Order is the date the Consent Order is signed by the Executive Director of the Board. The Executive Director signs the Consent Order on behalf of the disciplinary panel which has imposed the terms and conditions of this Consent Order.
