## **ORDER AFTER SHOW CAUSE HEARING**

On May 9, 2019, Jesus A. Burbano, M.D. and Disciplinary Panel A of the Maryland State Board of Physicians ("Panel A") entered into a Consent Order wherein Dr. Burbano's license to practice medicine was suspended for a minimum of one year and Dr. Burbano agreed to enroll in the Maryland Professional Rehabilitation Program ("MPRP") and comply with all of MPRP's requirements and recommendations (attached as Exhibit 1). On November 1, 2019, Panel A issued a Violation of Consent Order and Notice to Show Cause, charging Dr. Burbano with violating condition 1 of the May 9, 2019 Consent Order, which required Dr. Burbano to comply with requirements of MPRP. On December 4, 2019, Panel A held a show cause hearing where Dr. Burbano had the opportunity to argue why his license should not be subject to further discipline.

## **FINDINGS OF FACT**

### **Background**

The Board received a complaint, dated June 15, 2018, from a physician assistant ("Complainant") who worked at an urgent care center.<sup>1</sup> The Complainant reported that Dr. Burbano entered the urgent care center and acted in a manner, which caused the complainant to believe that Dr. Burbano might have been "under the influence." The Board opened an investigation, which included referring Dr. Burbano for an evaluation pursuant to Health

---

<sup>1</sup> In order to protect confidentiality, the name of the Complainant, health care facilities or Board-approved Programs will not be disclosed in this document.

Occupations Article § 14-402(a).<sup>2</sup> The evaluator concluded that Dr. Burbano “should not practice medicine at this time.”<sup>3</sup>

On January 3, 2019, Panel A charged Dr. Burbano with violating the following provisions of the Medical Practice Act under Health Occ. § 14-404(a): (3) Is guilty of: (ii) Unprofessional conduct in the practice of medicine; (4) Is professionally, physically, or mentally incompetent; and (8) Is addicted to, or habitually abuses, any narcotic or controlled dangerous substance as defined in §5-101 of the Criminal Law Article.<sup>4</sup> On May 9, 2019, Dr. Burbano entered into a Consent Order with Panel A to resolve the charges against him.

#### **May 9, 2019 Consent Order**

In the Consent Order, Panel A found that Dr. Burbano was guilty of unprofessional conduct in the practice of medicine, in violation of Health Occ. § 14-404(a)(3)(ii); is professionally, physically, or mentally incompetent, in violation of Health Occ. § 14-404(a)(4); and is addicted to, or habitually abuses, any narcotic or controlled dangerous substance as defined in §5-101 of the Criminal Law Article, in violation of Health Occ. § 14-404(a)(8).

Pursuant to the Consent Order, Panel A terminated the January 2, 2019 Order for Summary Suspension and suspended Dr. Burbano’s Maryland medical license for a minimum period of one year, commencing on January 2, 2019, the date of the summary suspension. Panel A ordered Dr. Burbano to enroll in MPRP, as follows:

---

<sup>2</sup> Health Occ. § 14-402(a) states: “In reviewing an application for licensure, certification, or registration or in investigation against a licensed physician . . . the Board on its own initiative may direct, the licensed physician . . . to submit to an appropriate examination.”

<sup>3</sup> In order to maintain confidentiality, the details of the evaluation have not been disclosed in this document. Dr. Burbano has been provided with a copy of the evaluation.

<sup>4</sup> On January 2, 2019, prior to the issuance of charges, Panel A issued an Order for Summary Suspension of License to Practice Medicine, pursuant to Md. Code Ann., State Gov’t § 10-226(c)(2), concluding that the public health, safety or welfare imperatively requires emergency action. A post-deprivation hearing was conducted on January 16, 2019 and, after the hearing, Panel A continued the summary suspension order.

(a) Within **FIVE (5) BUSINESS DAYS** of the effective date of this Consent Order, the Respondent shall contact MPRP to schedule an initial consultation for enrollment;

(b) Within **FIFTEEN (15) BUSINESS DAYS** of the effective date of this Consent Order, the Respondent shall enter into a Participant Rehabilitation Agreement and Participant Rehabilitation Plan with MPRP;

(c) The Respondent shall fully and timely cooperate and comply with all MPRP referrals, rules, and requirements, including, but not limited to, the terms and conditions of the Participant Rehabilitation Agreement(s) and Participant Rehabilitation Plan(s) entered with MPRP, and shall fully participate and comply with all therapy, treatment, evaluations, and screenings as directed by MPRP; [and]

(d) The Respondent's failure to comply with any term or condition of the Participant Rehabilitation Agreement(s) or Participant Rehabilitation Plan(s) shall constitute a violation of this Consent Order[.]

The Consent Order also included the following:

**ORDERED** that if the Respondent allegedly fails to comply with any term or condition of this Consent Order, the Respondent shall be given notice and an opportunity for a hearing. If there is a genuine dispute as to a material fact, the hearing shall be before an Administrative Law Judge of the Office of Administrative Hearings. If there is no genuine dispute as to a material fact, the Respondent shall be given a show cause hearing before the Board or a disciplinary panel; and it is further

**ORDERED** that, after the appropriate hearing, if the Board or a disciplinary panel determines that the Respondent has failed to comply with any term or condition of this Consent Order, the Board or a disciplinary panel may reprimand the Respondent, place the Respondent on probation with appropriate terms and conditions, or suspend or revoke the Respondent's license to practice medicine in Maryland. The Board or a disciplinary panel may, in addition to one or more of the sanctions set forth above, impose a civil monetary fine upon the Respondent[.]

Dr. Burbano signed the Consent Order, agreeing to be bound by the Consent Order and all of its terms and conditions.

#### **Violation of May 9, 2019 Consent Order**

In accordance with the Consent Order, Dr. Burbano enrolled in MPRP and entered a Participant Rehabilitation Agreement and Participant Rehabilitation Plan with MPRP. On

August 29, 2019, MPRP reported to the Board that Dr. Burbano admitted to violating his Rehabilitation Agreement. By letter, dated August 30, 2019, the Board requested that Dr. Burbano provide a response to the allegation that he violated his Rehabilitation Agreement. By letter to the Board, dated September 6, 2019, Dr. Burbano admitted that he violated his Rehabilitation Agreement on two occasions.

### **Show Cause Hearing**

On November 1, 2019, Panel A issued a Violation of Consent Order and Notice to Show Cause, alleging a violation of the May 9, 2019 Consent Order for failing to comply with his Rehabilitation Agreement. On December 4, 2019, Dr. Burbano appeared at a show cause hearing before Panel A and was represented by counsel.

During the hearing, Dr. Burbano admitted that he violated the Consent Order but asked the Panel not to extend his suspension and, instead, to impose a reprimand, or in the alternative, to extend the suspension for a period not to exceed 90 days. In response, the Administrative Prosecutor argued that the two violations of the Rehabilitation Agreement were undisputed and recommended that the period of suspension be extended for a minimum of one year given the public safety concerns at issue.

The Panel finds that, due to the nature of the violations, an additional period of suspension for a minimum of six months is necessary under the circumstances to ensure the safety and protection of the public.

### **CONCLUSION OF LAW**

Panel A finds that Dr. Burbano violated the condition of the May 9, 2019 Consent Order that required him to comply with the terms and conditions of his Rehabilitation Agreement with MPRP.

## ORDER

It is thus by Disciplinary Panel A of the Board, hereby:

**ORDERED** that the suspension imposed by the May 9, 2019 Consent Order is extended for a minimum of six months from the effective date of this Order.<sup>5</sup> During the suspension, Dr. Burbano shall comply with the following terms and conditions of suspension:

- (a) Dr. Burbano shall continue his enrollment in MPRP;
- (b) Dr. Burbano shall fully and timely cooperate and comply with all of MPRP's referrals, rules, and requirements, including, but not limited to, the terms and conditions of the Participant Rehabilitation Agreement(s) and Participant Rehabilitation Plan(s) entered with MPRP, and shall fully participate and comply with all therapy, treatment, evaluations, and screenings as directed by MPRP;
- (c) Dr. Burbano shall sign and update the written release/consent forms requested by the Board and MPRP, including release/consent forms to authorize MPRP to make verbal and written disclosures to the Board and to authorize the Board to disclose relevant information from MPRP records and files in a public order. Dr. Burbano shall not withdraw his release/consent;
- (d) Dr. Burbano shall also sign any written release/consent forms to authorize MPRP to exchange with (i.e., disclose to and receive from) outside entities (including all of Dr. Burbano's current therapists and treatment providers) verbal and written information concerning Dr. Burbano and to ensure that MPRP is authorized to receive the medical records of Dr. Burbano, including, but not limited to, mental health and drug or alcohol evaluation and treatment records. Dr. Burbano shall not withdraw his release/consent;
- (e) Dr. Burbano's failure to comply with any of the above terms or conditions including terms or conditions of the Participant Rehabilitation Agreement(s) or Participant Rehabilitation Plan(s) constitutes a violation of this Order; and it is further

**ORDERED** that Dr. Burbano shall not apply for early termination of suspension; and it is further

**ORDERED** that, after Dr. Burbano has fully and satisfactorily complied with all terms and conditions of the suspension, the minimum period of suspension imposed by the Order has passed, and MPRP finds and notifies the Board that Dr. Burbano is safe to return to the practice

---

<sup>5</sup> If Dr. Burbano's license expires during the period of suspension, the suspension and any conditions will be tolled.

of medicine, Dr. Burbano may submit a written petition to the disciplinary panel to request termination of the suspension. After consideration of the petition, the suspension may be terminated through an order of the disciplinary panel. Dr. Burbano may be required to appear before the disciplinary panel to discuss his petition for termination. If the disciplinary panel determines that it is safe for Dr. Burbano to return to the practice of medicine, the suspension will be terminated through an order of the disciplinary panel, and the disciplinary panel may impose any terms and conditions it deems appropriate on Dr. Burbano's return to practice, including, but not limited to, probation and/or continuation of Dr. Burbano's enrollment in MPRP. If the disciplinary panel determines that it is not safe for Dr. Burbano to return to the practice of medicine, the suspension shall be continued through an order of the disciplinary panel for a length of time determined by the disciplinary panel, and the disciplinary panel may impose any additional terms and conditions it deems appropriate; and it is further

**ORDERED** that, if Dr. Burbano allegedly fails to comply with any term or condition imposed by this Order, Dr. Burbano shall be given notice and an opportunity for a hearing. If the disciplinary panel determines there is a genuine dispute as to a material fact, the hearing shall be before an Administrative Law Judge of the Office of Administrative Hearings followed by an exceptions process before a disciplinary panel; and if the disciplinary panel determines there is no genuine dispute as to a material fact, Dr. Burbano shall be given a show cause hearing before a disciplinary panel; and it is further

**ORDERED** that after the appropriate hearing, if the disciplinary panel determines that Dr. Burbano has failed to comply with any term or condition imposed by this Order, the disciplinary panel may reprimand Dr. Burbano, place Dr. Burbano on probation with appropriate terms and conditions, or suspend with appropriate terms and conditions, or revoke Dr. Burbano's

license to practice medicine in Maryland. The disciplinary panel may, in addition to one or more of the sanctions set forth above, impose a civil monetary fine on Dr. Burbano; and it is further

**ORDERED** that Dr. Burbano is responsible for all costs incurred in fulfilling the terms and conditions of this Order; and it is further

**ORDERED** that the effective date of the Order is the date the Order is signed by the Executive Director of the Board. The Executive Director signs the Order on behalf of the disciplinary panel which has imposed the terms and conditions of this Order; and it is further

**ORDERED** that this Order is a public document. See Md. Code Ann., Health Occ. §§ 1-607, 14-411.1(b)(2) and Gen. Prov. § 4-333(b)(6).

Case Number: 2218-0282A

\* \* \* \* \*

### CONSENT ORDER

#### PROCEDURAL BACKGROUND

On January 3, 2019, Disciplinary Panel A ("Panel A") of the Maryland State Board of Physicians (the "Board") charged **JESUS A. BURBANO, M.D.** (the "Respondent"), License Number D55094, under the Maryland Medical Practice Act (the "Act"), Md. Code Ann., Health Occ. ("Health Occ.") §§ 14-101 *et seq.* (2014 Repl. Vol. and 2017 Supp.).

Specifically, Panel A charged the Respondent with violating the following provisions of the Act under Health Occ. § 14-404:

- (a) *In general.* -- Subject to the hearing provisions of § 14-405 of this subtitle, a disciplinary panel, on the affirmative vote of a majority of the quorum of the disciplinary panel, may reprimand any licensee, place any licensee on probation, or suspend or revoke a license if the licensee:
  - (3) Is guilty of: (ii) Unprofessional conduct in the practice of medicine;
  - (4) Is professionally, physically, or mentally incompetent; [and]
  - (8) Is addicted to, or habitually abuses, any narcotic or controlled dangerous substance as defined in § 5-101 of the Criminal Law Article[.]

On April 10, 2019, a hearing was held before Panel B, sitting as a Disciplinary Committee for Case Resolution. As a result of negotiations occurring before Panel A, the Respondent agreed to enter into the following Consent Order, consisting of Procedural Background, Findings of Fact, Conclusions of Law, Order, Consent and Notary.

### **FINDINGS OF FACT**

Panel A makes the following Findings of Fact:

#### **I. BACKGROUND**

1. The Respondent was originally licensed to practice medicine in Maryland on July 23, 1999, under License Number D55094. The Respondent's latest license was given the expiration date of June 30, 2020.
2. At all times relevant to these charges, the Respondent operated a medical practice named *JB Pediatrics and Adolescent Medicine* (the "Practice"), which is located at 8615 Ramsey Avenue, Silver Spring, Maryland 20910.
3. The Respondent is board-certified in pediatric medicine.
4. On January 2, 2019, Panel A issued an *Order for Summary Suspension of License to Practice Medicine*, in which it summarily suspended the Respondent's Maryland medical license. Panel A took such action pursuant to Md. Code Ann., State Gov't § 10-226(c)(2), concluding that the public health, safety or welfare imperatively requires emergency action.

## II. THE COMPLAINT

5. The Board initiated an investigation of the Respondent after receiving a complaint, dated June 15, 2018, from a physician assistant (the "Complainant")<sup>1</sup> who practiced at an urgent care facility (the "Facility") in the District of Columbia. The Complainant reported that on June 15, 2018, the Respondent entered the Facility at 11:00 a.m. and slept in the Facility's waiting room until 1:00 p.m., when medical assistants there tried to rouse him, without success. The medical assistants asked the Complainant to try to wake up the Respondent. The Complainant administered a sternal rub to the Respondent, who continued snoring through the procedure. The Complainant shook the Respondent, who briefly woke up. The Complainant informed the Respondent that he had to complete paperwork and be seen, or the Facility might be forced to transport him to the emergency room for further evaluation. The Respondent agreed but then fell asleep again briefly. The Complainant was forced to wake up the Respondent again.

6. The Complainant stated that she suspected that the Respondent might be "under the influence." Upon further inquiry, she determined that the Respondent had self-prescribed several benzodiazepine medications (benzodiazepines are a Schedule IV controlled dangerous substance).

7. The Complainant questioned the Respondent further, who claimed that he had not used benzodiazepines that day. The Complainant stated that the Respondent then

---

<sup>1</sup> For confidentiality reasons, the names/identities of the Complainant, medical facilities and other individuals will not be disclosed in this document. The Respondent is aware of the identity of all individuals and entities referenced herein.

refused to discuss anything further about his benzodiazepine use and refused to undergo blood tests.

8. Along with her complaint, the Complainant provided the information she obtained to the Board.

### **III. SUBSEQUENT BOARD INVESTIGATION AND FINDINGS**

9. By letter dated August 14, 2018, the Board requested that the Respondent provide a response to the above complaint.

10. The Respondent provided a written response to the Board in a letter dated August 24, 2018. The Respondent acknowledged that since 2004, several physicians had prescribed benzodiazepines for him to treat medical conditions and he did “on a few occasions obtain benzodiazepines pursuant to [his] own prescription.” The Respondent claimed that his objectivity when self-prescribing was not compromised because he was using this medication for nearly fifteen years and only self-prescribed in “emergency” situations when he was not able to obtain prescriptions from his physicians. The Respondent admitted that he “did not create a separate medical record for [himself] related to those [self-prescribing] instances.” The Respondent asserted that his self-prescribing of controlled substances was not inconsistent with American Medical Association guidelines on self-prescribing. The Respondent further stated that he does “not suffer from any addictions or engage in the habitual use of any controlled dangerous substance, and am not otherwise habitually intoxicated.”

11. Pursuant to its investigation, the Board obtained the Respondent’s medical records from two physicians whom the Respondent identified as his treating physicians.

12. The Board also issued a subpoena to the Prescription Drug Monitoring Program ("PDMP"), reviewed the Respondent's medication profiles from various area pharmacies, and obtained his pharmacy records and prescriptions for controlled dangerous substances for the period beginning on January 1, 2016 until July 11, 2018. The information obtained revealed that since 2008, in addition to medications prescribed by his treating providers, the Respondent self-prescribed benzodiazepines on numerous occasions, normally authorizing four refills per new prescription written. Also, the two physicians the Respondent employed at the Practice (Physician A and Physician B, respectively) intermittently wrote benzodiazepine prescriptions for him. Physician A prescribed for the Respondent from approximately mid-2007 to early-2016 while Physician B prescribed for the Respondent from approximately mid-2012 to mid-2014. The Respondent did not maintain a medical record while self-prescribing nor did the Practice maintain medical records for the prescribing that practitioners there provided for him.

13. After receiving this information, the Board, pursuant to Health Occ. § 14-402(a),<sup>2</sup> referred the Respondent to a Board-approved program (the "Program") for an evaluation. The Program directed him to undergo a neuropsychological evaluation.

14. On or about December 5, 2018, the Board received a comprehensive evaluation report involving the Respondent.<sup>3</sup> The evaluator stated that the Respondent's

---

<sup>2</sup> Health Occ. § 14-402(a) states: In reviewing an application for licensure, certification, or registration or in investigation against a licensed physician or any allied health professional regulated by the Board under this title, the Physician Rehabilitation Program may request the Board to direct, or the Board on its own initiative may direct, any physician or any allied health professional regulated by the Board under this title to submit to an appropriate examination.

“current cognitive profile gives rise to significant concerns about his ability to practice at the level expected for a physician.” The evaluator concluded that for the reasons stated in his report, the Respondent “should not practice medicine at this time.”

### **CONCLUSIONS OF LAW**

Based on the foregoing Findings of Fact, Disciplinary Panel A of the Board finds that the Respondent violated the following provisions of the Act under Health Occ. §§ 14-404(a): (3) Is guilty of: (ii) Unprofessional conduct in the practice of medicine; (4) Is professionally, physically, or mentally incompetent; and (8) Is addicted to, or habitually abuses, any narcotic or controlled dangerous substance as defined in § 5-101 of the Criminal Law Article.

### **ORDER**

It is thus by Disciplinary Panel A of the Board, hereby:

**ORDERED** that the Order for Summary Suspension, dated January 2, 2019, is **TERMINATED**; and it is further

**ORDERED** that the Respondent’s license to practice medicine in the State of Maryland is **SUSPENDED**<sup>4</sup> for a minimum period of **ONE (1) YEAR** from the date of the Order for Summary Suspension dated January 2, 2019, and until the Maryland Physician Rehabilitation Program (“MPRP”) finds and notifies the Board that the Respondent is safe to return to the practice of medicine; and it is further

---

<sup>3</sup> In order to maintain confidentiality, the details of the comprehensive report have not been disclosed in this document. The report has been disclosed to the Respondent.

<sup>4</sup> If the Respondent’s license expires during the period of suspension, the suspension and any conditions will be tolled.

**ORDERED** that during the period of suspension, the Respondent shall comply with the following terms and conditions of suspension:

- (1) The Respondent shall enroll in the Maryland Professional Rehabilitation Program ("MPRP") as follows:
  - (a) Within **FIVE (5) BUSINESS DAYS** of the effective date of this Consent Order, the Respondent shall contact MPRP to schedule an initial consultation for enrollment;
  - (b) Within **FIFTEEN (15) BUSINESS DAYS** of the effective date of this Consent Order, the Respondent shall enter into a Participant Rehabilitation Agreement and Participant Rehabilitation Plan with MPRP;
  - (c) The Respondent shall fully and timely cooperate and comply with all MPRP referrals, rules, and requirements, including, but not limited to, the terms and conditions of the Participant Rehabilitation Agreement(s) and Participant Rehabilitation Plan(s) entered with MPRP, and shall fully participate and comply with all therapy, treatment, evaluations, and screenings as directed by MPRP;
  - (d) The Respondent's failure to comply with any term or condition of the Participant Rehabilitation Agreement(s) or Participant Rehabilitation Plan(s) shall constitute a violation of this Consent Order;
  - (e) The Respondent shall sign and update the written release/consent forms requested by the Board and MPRP, including release/consent forms to authorize MPRP to make verbal and written disclosures to the Board and to authorize the Board to disclose relevant information from MPRP records and files in a public order. A failure to, or withdrawal of, consent, is a violation of this Consent Order;
  - (f) The Respondent shall also sign any written release/consent forms to authorize MPRP to exchange with (i.e., disclose to and receive from) outside entities (including all of the Respondent's current therapists and treatment providers) verbal and written information concerning the Respondent and to ensure that MPRP is authorized to receive the medical

records of the Respondent, including, but not limited to, mental health and drug or alcohol evaluation and treatment records. A failure to, or withdrawal of, consent, is a violation of this Consent Order.

- (2) During the period of suspension, the Respondent shall not:
  - (a) practice medicine;
  - (b) take any actions after the effective date of this Order to hold himself out to the public as a current provider of medical services;
  - (c) authorize, allow or condone the use of the Respondent's name or provider number by any health care practice or any other licensee or health care provider;
  - (d) function as a peer reviewer for the Board or for any hospital or other medical care facility in the state;
  - (e) dispense medications;
  - (g) perform any other act that requires an active medical license.
- (3) The Respondent shall establish and implement a procedure by which the Respondent's patients may obtain their medical records without undue burden and notify all patients of that procedure; and
- (4) The Respondent shall not apply for early termination of suspension; and it is further

**ORDERED** that after the minimum period of suspension imposed by the Consent Order has passed and the Respondent has fully and satisfactorily complied with all the terms and conditions for the suspension, the Respondent may submit a written petition to the disciplinary panel requesting termination of suspension. The Respondent may be required to appear before the disciplinary panel to discuss his petition for termination. If the disciplinary panel determines that it is safe for the Respondent to return to the practice of medicine, the suspension may be terminated through an order of the

disciplinary panel, and the disciplinary panel may impose any terms and conditions it deems appropriate on the Respondent's return to practice, including, but not limited to, probation; and it is further

**ORDERED** that if the Respondent allegedly fails to comply with any term or condition of this Consent Order, the Respondent shall be given notice and an opportunity for a hearing. If there is a genuine dispute as to a material fact, the hearing shall be before an Administrative Law Judge of the Office of Administrative Hearings. If there is no genuine dispute as to a material fact, the Respondent shall be given a show cause hearing before the Board or a disciplinary panel; and it is further

**ORDERED** that, after the appropriate hearing, if the Board or a disciplinary panel determines that the Respondent has failed to comply with any term or condition of this Consent Order, the Board or a disciplinary panel may reprimand the Respondent, place the Respondent on probation with appropriate terms and conditions, or suspend or revoke the Respondent's license to practice medicine in Maryland. The Board or a disciplinary panel may, in addition to one or more of the sanctions set forth above, impose a civil monetary fine upon the Respondent; and it is further

**ORDERED** that the effective date of the Consent Order is the date the Consent Order is signed by the Executive Director of the Board or her designee. The Executive Director signs the Consent Order on behalf of the disciplinary panel which has imposed the terms and conditions of this Consent Order; and it is further

**ORDERED** that the Respondent is responsible for all costs incurred in fulfilling the terms and conditions of this Consent Order; and it is further

**ORDERED** that this Consent Order is a public document pursuant to Md. Code Ann., Health Occ. §§ 1-607, 14-411.1(b)(2), and Gen. Prov. § 4-333(b)(6) (2014 & Supp. 2018).

### **CONSENT**

I, Jesus A. Burbano, M.D., acknowledge that I have consulted with counsel before signing this document. By this Consent, I agree to be bound by this Consent Order and all its terms and conditions and understand that the disciplinary panel will not entertain any request for amendments or modifications to any condition.

I assert that I am aware of my right to a formal evidentiary hearing, pursuant to Md. Code Ann., Health Occ. § 14-405 and Md. Code Ann., State Gov't §§ 10-201 *et seq.* concerning the pending charges. I waive these rights and have elected to sign this Consent Order instead.

I acknowledge the validity and enforceability of this Consent Order as if entered after the conclusion of a formal evidentiary hearing in which I would have had the right to counsel, to confront witnesses, to give testimony, to call witnesses on their behalf, and to all other substantive and procedural protections as provided by law. I waive those procedural and substantive protections. I acknowledge the legal authority and the

jurisdiction of the disciplinary panel to initiate these proceedings and to issue and enforce this Consent Order.

I voluntarily enter into and agree to comply with the terms and conditions set forth in the Consent Order as a resolution of the charges. I waive any right to contest the Findings of Fact and Conclusions of Law and Order set out in the Consent Order. I waive all rights to appeal this Consent Order.

I sign this Consent Order, without reservation, and fully understands the language and meaning of its terms.
