Re: Surrender of License to Practice Radiography  
Elizabeth L. Myers, Radiographer  
License Number: R02592  
Case Number: 7721-0007

Dear Dr. Freas and Members of the Disciplinary Panel B

Please be advised that, pursuant to Md. Code Ann., Health Occ. ("Health Occ.") §14-5B-13 (2014 Repl. Vol. & 2019 Supp.), I have decided to **SURRENDER** my license to practice radiography in the State of Maryland, License Number R02592, effective immediately. I understand that upon surrender of my license, I may not practice radiography, with or without compensation, in the State of Maryland as it is defined in the Maryland Radiation Therapy, Radiography, Nuclear Medicine Technology, and Radiology Assistance Act (the "Act"), Health Occ. §§ 14-5B-01 *et seq.* and other applicable laws. In other words, as of the effective date of this Letter of Surrender, I understand that the surrender of my license means that I am in the same position as an unlicensed individual in the State of Maryland.

I understand that this Letter of Surrender is a **PUBLIC DOCUMENT**, and upon Disciplinary Panel B's ("Panel B") acceptance, becomes a **FINAL ORDER** of Panel B of the Maryland State Board of Physicians (the "Board").

I acknowledge that the Board initiated an investigation of my practice, summarily suspended my license to practice radiography on July 9, 2019, and on July 26, 2019, Panel B issued disciplinary charges against me under Health Occ. § 14-5B-14(a)(3)(is guilty of unprofessional or immoral conduct in the practice of radiography), (4)(is professionally, physically, or mentally incompetent), and (8)(i)(provided professional services while under the influence of alcohol). I resolved these disciplinary charges through a Consent Order with Panel B, dated October 4, 2019, in which Panel B found that I violated Health Occ. § 14-5B-14(a)(3), (4), and (8)(i). The Consent Order terminated the July 9, 2019 summary suspension of my license and suspended my license for a minimum of six (6) months with certain terms and conditions, including that I enroll in the Maryland Professional Rehabilitation Program (MPRP). A copy of the Consent Order is attached and incorporated herein as Attachment 1.

RE: Elizabeth L. Myers, Radiographer

Letter of Surrender

Page 2

On July 13, 2020, Disciplinary Panel B issued an Order Terminating Suspension and Imposing Probation that terminated the suspension of my license, placed me on probation for a minimum of three (3) years, and required that I continue enrollment in MPRP and continue to comply with all of the requirements imposed by MPRP. A copy of the Order Terminating Suspension and Imposing Probation is attached and incorporated herein as Attachment 2.

I have decided to surrender my license to practice radiography in the State of Maryland because I no longer wish to comply with the terms of the Order Terminating Suspension and Imposing Probation and because I am no longer working as a radiographer. I acknowledge that the Order Terminating Suspension and Imposing Probation remains and will continue to be a valid Final Order of the Board, however, upon acceptance of the Letter of Surrender, I will not be required to comply with the conditions of the Order as long as I do not have or possess an active radiography license in Maryland.

I wish to make it clear that I have voluntarily, knowingly and freely chosen to submit this Letter of Surrender to avoid the issuance of charges and prosecution for failing to comply with the terms and conditions of the Order Terminating Suspension and Imposing Probation. I do not wish to contest these allegations. I understand that by executing this Letter of Surrender I am waiving my right to contest any charges that would issue from Panel B's investigative findings in a formal evidentiary hearing at which I would have had the right to counsel, to confront witnesses, to give testimony, to call witnesses on my own behalf and all other substantive and procedural protections provided by law, including the right to appeal to circuit court.

I understand that the Board will advise the Federation of State Medical Boards and the National Practitioner Data Bank of this Letter of Surrender. I also understand that in the event I would apply for licensure in any form in any other state or jurisdiction that this Letter of Surrender may be released or published by the Board to the same extent as a final order that would result from disciplinary action, pursuant to Md. Code Ann., Gen. Prov. §§ 4-101 *et seq.* (2014), and that this Letter of Surrender constitutes a disciplinary action by Panel B.

I further recognize and agree that by submitting this Letter of Surrender, my license will remain surrendered unless and until the Board or a disciplinary panel of the Board grants reinstatement. In the event that I apply for reinstatement of my Maryland License, I understand that Panel B or its successor is not required to grant reinstatement; and, if it does grant reinstatement, may impose terms and conditions in conformity with or in addition to those set forth in the Order Terminating Suspension and Imposing Probation. I further understand that if I ever file a petition for reinstatement, I will approach Panel B or its successor in the same position as an individual whose license has been revoked.

I acknowledge that I may not rescind this Letter of Surrender in part or in its entirety for any reason whatsoever. Finally, I wish to make clear that I have been advised of my

right to be represented by an attorney of my choice throughout proceedings before Panel B, including the right to consult with an attorney prior to signing this Letter of Surrender. I understand both the nature of Panel B's actions and this Letter of Surrender fully. I acknowledge that I understand and comprehend the language, meaning and terms and effect of this Letter of Surrender. I make this decision knowingly and voluntarily.

Very truly yours,

**CONSENT ORDER**

On July 26, 2019, Disciplinary Panel B ("Panel B") of the Maryland State Board of Physicians (the "Board") charged **ELIZABETH L. MYERS**, Radiographer (the "Respondent"), License Number R02592, under the Maryland Radiation Therapy, Radiography, Nuclear Medicine Technology, and Radiology Assistance Act (the "Act"), Md. Code Ann., Health Occ. ("Health Occ.") §§ 14-5B-01 et seq. (2014 Repl. Vol. & 2018 Supp.).

The Respondent was charged under the following provisions of Health Occ. § 14-5B-14 (a):

Subject to the hearing provisions of § 14-405 of this title, a disciplinary panel, on the affirmative vote of a majority of the quorum of the disciplinary panel, may deny a license to any applicant, reprimand any licensee, place any licensee on probation, or suspend or revoke a license, if the applicant or licensee:

(3) Is guilty of unprofessional or immoral conduct in the practice of radiation therapy, radiography, nuclear medicine technology, or radiology assistance;

...

(4) Is professionally, physically, or mentally incompetent;

...

(8) Provides professional services while:

(i) Under the influence of alcohol[.]

On September 25, 2019, Panel B was convened as a Disciplinary Committee for Case Resolution (“DCCR”) in this matter. Based on negotiations occurring as a result of the DCCR, the Respondent agreed to enter into this Consent Order, consisting of Findings of Fact, Conclusions of Law and Order.

### **FINDINGS OF FACT**

#### **I. BACKGROUND**

1. At all times relevant hereto, the Respondent was and is licensed to practice radiography in the State of Maryland. The Respondent was originally licensed to practice radiography in Maryland on December 20, 1991, under license number R02592. The Respondent’s license expires on April 30, 2021.
2. At all times relevant hereto, the Respondent was employed as an MRI Technologist at a hospital in Maryland (“the Facility”)<sup>1</sup>, from approximately March 2014, through April 3, 2019, at which time she resigned her position.
3. The Respondent is currently employed as a Staff MRI Technologist at a different hospital in Maryland where she began employment in May 2019.
4. On April 4, 2019, the Board received a Mandated 10-Day Report<sup>2</sup> from the Facility documenting that the Respondent resigned her employment in lieu of

<sup>2</sup> Md. Code Ann. Health Occ. §§14-5B-15 requires that within 10 days of an action hospitals report any action taken against a licensee which limits, reduces, otherwise changes, or terminates any licensee for any reason that might be grounds for disciplinary action under Health Occ. § 14-5B-14.

termination after testing positive for alcohol on or about March 11, 2019, following a “for-cause” Fitness for Duty (“FFD”) evaluation.

## **II. BOARD INVESTIGATION**

5. The Board opened a full investigation based on the information received in the Mandated 10-Day Report.
6. On or about April 11, 2019, Board staff sent a subpoena to the Facility for the Respondent’s complete personnel file, which the Board received on or about May 14, 2019.
7. A review of the Respondent’s personnel file revealed that on March 11, 2019, the Respondent’s Supervisor (“the Supervisor”) referred the Respondent for an FFD evaluation due to suspicion that the Respondent was under the influence while on duty. The Supervisor stated that he observed the Respondent make several mistakes while scanning a patient’s spine and described her behavior as “clearly impaired.” The FFD evaluation report included a section entitled Employee’s Summary which reads, “I was intoxicated yesterday...I drank a few beers before coming into work...my manager felt I was out of sorts, not my normal self...”
8. The FFD evaluation included laboratory testing, the results of which indicated that the Respondent tested positive for alcohol at 0.24g/dl, with a collection date of March 11, 2019.

9. On or about May 24, 2019, Board staff sent an initial contact letter notifying the Respondent that a full investigation had been opened and requesting a written response within ten business days.
10. On or about June 3, 2019, Board staff received the Respondent's written response and other materials as directed by the initial contact letter. In her written response, the Respondent stated that on March 11, 2019, she "did have a few drinks" but thought that it would be out of her system before she began her shift.
11. On or about June 12, 2019, Board staff conducted an interview under oath with the Supervisor.
12. During the interview the Supervisor stated that on March 11, 2019, another technician on his team asked him to come observe the Respondent, whom they believed was acting strangely. The Supervisor then observed the Respondent conducting a scan of a patient. He observed that her positioning of the scan was incorrect and asked her to repeat it; she repeated the scan and achieved the exact same incorrect positioning result. The Supervisor stated that he thought that it was odd for the Respondent to repeat the same mistake given the Respondent's level of experience. Based on these observations he asked her to step aside and asked her if she was feeling alright. The Respondent stated that she was fine but the Supervisor was not convinced by her response and asked if she needed to be sent for an FFD evaluation. The Supervisor stated that she responded "Please do not send me for a fitness-for-duty." At this point the Supervisor asked the

Respondent if she would fail, to which she responded "I might." At that point he sent her for the FFD evaluation.

13. The Supervisor escorted the Respondent to have the FFD evaluation administered. The Supervisor stated that at this point it appeared that she was "clearly under the influence of something." The two of them arrived at the waiting room where the FFD would be administered and continued conversing. The Supervisor stated that at this point the Respondent admitted that she had been drinking, after which he did not ask her any further questions, and the FFD was subsequently administered and returned a positive result for alcohol.
14. On June 17, 2019, Board staff conducted an interview with the Respondent under oath.
15. The Respondent stated that on the night prior to the incident she did some drinking, but decided to report to work the next day for her shift at approximately 3:00 pm on March 11, 2019 because she did not want to leave her co-workers short-staffed. When she arrived at work her coworkers noticed that her behavior was abnormal, and she was ultimately sent for an FFD where a urine test was conducted which came back positive for alcohol.
16. The Respondent stated that she began drinking the prior evening. She stated that she drank "over the night and then in the morning around 10 or so." When asked what she had been drinking she stated that in the morning she drank two beers pretty quickly to relieve some anxiety that she was experiencing. The previous evening she began drinking vodka shots at approximately 5:00 or 6:00 pm. She

further stated that she stayed awake all night and continued to drink “maybe four or five” drinks throughout the evening.<sup>3</sup>

17. The Respondent was asked whether she worked with any patients on the day in question and responded that she did not. The Respondent was asked about the Supervisor’s observations that she was improperly scanning a patient prior to her being pulled aside; she responded that she had no such recollection. The Respondent further stated that she did not recall telling the Supervisor that she thought she would fail the FFD, nor did she recall admitting to him that she had been drinking.

### **CONCLUSIONS OF LAW**

Based on the foregoing Findings of Fact, Panel B concludes as a matter of law that the Respondent is guilty of unprofessional or immoral conduct in the practice of radiography, in violation of Health Occ. §14-5B-14(a)(3); is professionally, physically, or mentally incompetent, in violation of Health Occ. §14-5B-14(a)(4); and provided professional services while under the influence of alcohol, in violation of Health Occ. §14-5B-14(a)(8)(i).

### **ORDER**

It is thus by Disciplinary Panel B of the Board, hereby:

**ORDERED** that the Summary Suspension imposed on July 9, 2019, and affirmed on August 29, 2019, is terminated, as it is superseded by this Order; and it is further

The Respondent may be required to appear before the disciplinary panel to discuss her petition for termination. If the disciplinary panel determines that it is safe for the Respondent to return to the practice of radiography, the suspension will be terminated through an order of the disciplinary panel. Upon termination, the Respondent will be placed on **PROBATION** for a minimum period of **THREE (3) YEARS**, and the disciplinary panel may impose, at that time, any probationary terms and conditions it deems appropriate on the Respondent's return to practice, including, but not limited to, continuation of the Respondent's enrollment in MPRP. If the disciplinary panel determines that it is not safe for the Respondent to return to the practice of radiography, the suspension shall be continued through an order of the

### ORDER TERMINATING SUSPENSION AND IMPOSING PROBATION

On October 4, 2019, Disciplinary Panel B (“Panel B” or the “Panel”) of the Maryland State Board of Physicians and Elizabeth L. Myers, Radiographer (“Respondent”) entered into a Consent Order to resolve charges against the Respondent that Panel B had issued under the Maryland Radiation Therapy, Radiography, Nuclear Medicine Technology, and Radiology Assistance Act. *See* Md. Code Ann., Health Occ. §§ 14-5B-01—14-5B-21. Under the Consent Order, Panel B concluded that the Respondent violated § 14-5B-14(a)(3),<sup>1</sup> (4),<sup>2</sup> and (8)(i)<sup>3</sup> of the Health Occupations Article, and, as a sanction, the Respondent’s license to practice radiography in Maryland was suspended for a minimum of six months.<sup>4</sup> While under suspension, the Respondent was ordered to enroll in the Maryland Professional Rehabilitation Program. Also, under the Consent Order, if the Respondent complied with the terms of the suspension and the Panel determined it was safe for the Respondent to return to the practice of radiography, the suspension would be terminated and the Respondent would be placed on probation for a minimum period of three years, subject to any probationary terms and conditions Panel B deemed appropriate.

---

<sup>1</sup> Unprofessional or immoral conduct in the practice of radiography.

<sup>2</sup> Is professionally, physically, or mentally incompetent.

<sup>3</sup> Provided professional services while under the influence of alcohol.

<sup>4</sup> On July 9, 2019, Panel B summarily suspended the Respondent’s license. Under the Consent Order, the summary suspension was terminated because it was superseded by the Consent Order.

Six months have passed since the effective date of the suspension, the Respondent has complied with the terms and conditions of the Consent Order, and the Panel has determined that it is safe for the Respondent to return to the practice of radiography.

It is, thus, by Panel B, hereby

**ORDERED** that the suspension of the Respondent's license to practice radiography in Maryland, imposed on October 4, 2019, is **TERMINATED**; and it is further

**ORDERED** that the Respondent is placed on **PROBATION** for a minimum period of **THREE YEARS**.<sup>5</sup> During the probationary period, the Respondent shall comply with the following terms and conditions of probation:

The Respondent shall be enrolled in the Maryland Professional Rehabilitation Program ("MPRP") as follows:

- (a) the Respondent shall be entered into a Participant Rehabilitation Agreement and Participant Rehabilitation Plan with MPRP;
- (b) the Respondent shall fully and timely cooperate and comply with all MPRP's referrals, rules, and requirements, including, but not limited to, the terms and conditions of the Participant Rehabilitation Agreement(s) and Participant Rehabilitation Plan(s) entered with MPRP, and shall fully participate and comply with all therapy, treatment, evaluations, and screenings as directed by MPRP;
- (c) the Respondent's failure to comply with any term or condition of the Participant Rehabilitation Agreement(s) or Participant Rehabilitation Plan(s) constitutes a violation of this order;
- (d) the Respondent shall sign and update the written release/consent forms requested by the Board and MPRP, including release/consent forms to authorize MPRP to make verbal and written disclosures to the Board and to authorize the Board to disclose relevant information from MPRP records and files in a public order. The Respondent shall not withdraw her release/consent;
- (e) the Respondent shall also sign any written release/consent forms to authorize MPRP to exchange with (i.e., disclose to and receive from) outside entities (including all of the Respondent's current therapists and treatment providers) verbal and written information concerning the Respondent and to ensure that MPRP is authorized to receive the medical records of the Respondent, including,

but not limited to, mental health and drug or alcohol evaluation and treatment records. The Respondent shall not withdraw her release/consent; and it is further

**ORDERED** that the Respondent is responsible for all costs incurred in fulfilling the terms and conditions of this order; and it is further

**ORDERED** that a violation of probation constitutes a violation of this order; and it is further

**ORDERED** that the effective date of the order is the date the order is signed by the Executive Director of the Board or her designee. The Executive Director or her designee signs the order on behalf of the disciplinary panel which has imposed the terms and conditions of this order; and it is further

**ORDERED** that, after the minimum period of probation imposed by this order has passed, if the Respondent has been compliant with the terms and conditions of this order, and MPRP finds, and notifies the Board, that the Respondent is safe to return to the practice of radiography without the probationary conditions, the Respondent may submit a written petition to the Panel for the termination of probation. The Respondent may be required by the Panel to appear before it to discuss her petition. After consideration of the petition, if the Respondent has complied with all probationary terms and conditions and the Panel determines that it is safe for the Respondent to practice radiography without probationary conditions, the probation will be terminated by an order of the Panel. If the Panel determines it is not safe for the Respondent to practice radiography without probationary conditions, the probation will be continued through an order of the Panel for a time period that the Panel determines is appropriate; and it is further

**ORDERED** that, if the Respondent allegedly fails to comply with any term or condition imposed by this order, the Respondent shall be given notice and an opportunity for a hearing. If

the disciplinary panel determines there is a genuine dispute as to a material fact, the hearing shall be before an Administrative Law Judge of the Office of Administrative Hearings followed by an exceptions process before a disciplinary panel; and if the disciplinary panel determines there is no genuine dispute as to a material fact, the Respondent shall be given a show cause hearing before a disciplinary panel; and it is further

**ORDERED** that, after the appropriate hearing, if the disciplinary panel determines that the Respondent has failed to comply with any term or condition imposed by this order, the disciplinary panel may reprimand the Respondent, place the Respondent on further probation with appropriate terms and conditions, or suspend the Respondent's license to practice radiography in Maryland with appropriate terms and conditions, or revoke the Respondent's license to practice radiography in Maryland. The disciplinary panel may, in addition to one or more of the sanctions set forth above, impose a civil monetary fine on the Respondent; and it is further

**ORDERED** that this order is a public document. See Health Occ. §§ 1-607, 14-411.1(b)(2) and Gen. Prov. § 4-333(b)(6).
