Athletic Trainer

Adam Archer, ATC
Brady Lyles, ATC
Rebekah Moore, ATC
Michelle Moreau, ATC

Supervising Physician

Lance LeClere, MD
Craig Miller, MD
Kenneth Fine, MD
Debra Spatz, MD

Discussion

Mr. Perez stated that an individual asked him about what athletic trainers are allowed to do in an industrial setting and how it fits within the athletic trainer's scope of practice. Mr. Perez suggested that the individual contact the Board with questions.

Mr. Finkler advised the Committee to refer questions from the public to Ms. Monroe, so these issues can be added to the Committee's agenda. This gives the person asking the question the opportunity to attend the open meeting and hear the discussion. In this way committee members avoid any appearance of influence with the public. Mr. Finkler also stated that these specific questions regarding athletic trainers in the industrial setting should be tabled to the next meeting in order to research the issue. Ms. Wright informed the Committee that it's good to have individuals email their questions to the Board so that the Board will know exactly what information they are seeking. She strongly encouraged the Committee to become very familiar with the statute and regulations that govern athletic trainers practice.

Adjournment

There being no further business, the meeting was adjourned at 10:58 a.m.

Submitted by,

Linda Monroe

Allied Health Analyst
